SITUATION SUMMARY

Cal OES SOUTHERN REGION

Virulent Newcastle Disease (vND) in Chickens, Los Angeles and San Bernardino Counties

The California Department of Food and Agriculture (CDFA) has detected virulent Newcastle Disease (vND) in chickens in Los Angeles and San Bernardino Counties.

Per the Cal OES Southern Region AREP on 06/10/18 at 0739 hours:

- CDFA and the U.S. Department of Agriculture (USDA) have scaled up their response to this incident, as more cases have been detected.
- CDFA confirmed there are no commercial premises currently involved and there is no public health risk due to this virus.
- [AmeriCorps volunteers will continue with their rotation through 06/15/18. Another surveillance target group is the Filipino community. The Cal OES AREP recruited a cadre of Filipino language interpreters.](#)
- As new areas require surveillance, parishes in these areas will be contacted. The Cal OES AREP has scheduled vND Spanish speaking veterinarian presentations on 06/10/18 (four masses). As presentations are scheduled the Cal OES AREP will provide a parish bulletin announcement, mass announcement for the priest, talking points, and all the materials that will be distributed following the masses.
- [The Cal OES AREP located Filipino churches in the surveillance target zones and beginning 06/11/18, will begin scheduling vND presentations at these churches.](#)
- [The team will make stops at local swap meets to determine if there is any poultry, avian or eggs being sold and to distribute information materials.](#)
- The Cal OES Agency Representative (AREP) is facilitating a contact with San Bernardino County Solid Waste Management Public Works (SWMPW) via San Bernardino County OES to determine the possibility of using sites for disposal of backyard dead birds.
 - SWMPW has prepared a draft Board agenda item pending receipt of the USDAs Agreement. USDA has located a contracting officer to begin drafting the agreement with SWMPW.
 - Landfill work group is seeking alternate sources for the disposal of dead birds. The Cal OES AREP continues to assist with gathering information on Covanta Energy, composting at fairgrounds, while others researched the National Veterinarian Stockpile. The Cal OES AREP contacted fairgrounds in San Bernardino County regarding a project to compost bird carcasses; environmentally acceptable method of disposal of normal poultry flock mortality.

Activations

- San Bernardino Operational Area (OA) EOC is activated to Level 3 (lowest level) and will continue to monitor the incident.

Deployments

- 1 Cal OES Southern Region Senior Emergency Services Coordinator deployed ICP as an AREP. Operational period of 0700-1900 hours.

Logistics

- USDA is inquiring with private real estate companies since they have the ability to lease directly as well as the DGS via CDFA.
- USDA/CDFA are currently in negotiations with a facility in Rancho Cucamonga. The office/warehouse space adjacent to the CDFA District Office has been placed on hold by USDA. The ICP is now looking for a nearby hotel conference room. The ICP requested that the Cal OES AREP continue to pursue space at the Ontario International Airport as part of a contingency plan. An appointment with the Ontario International Airport Authority for 06/11/18 for a discussion between Logistics and the OIAA.

COASTAL REGION

Eastern, Vegetation Fire, San Benito County

Location: 5 miles East of Bitterwater

Jurisdiction: State DPA, SRA/FRA, San Benito-Monterey Unit/BLM

Per Cal OES Duty Officers and ICS-209 as [06/10/18 at 0600 hours](#):

- [513 acres, 90% contained](#)
- [Expected Containment: 06/13/18](#)
- [Continue to mop-up and strengthen control lines](#)

Airline, Vegetation Fire, San Benito County

Location: 16 Miles NE of King City

Jurisdiction: State DPA, SRA San Benito Monterey Unit

Per Cal OES Duty Officers and ICS-209 as [06/10/18 at 0555 hours](#):

- [1,314 acres, 90% contained](#)
- [Expected Containment: 06/20/18](#)
- [Continue to mop-up and strengthen control lines](#)

FIRE ACTIVITY

INLAND REGION

Chrome, Vegetation Fire, Glenn County

Location: Hwy 162 x Forest Hwy 7, North of Elk Creek

Jurisdiction: State DPA, SRA, Tehama-Glenn Unit

Per Cal OES Duty Officers and CAL FIRE as 06/10/18 at 0610 hours:

- 2,252 acres, 35% contained
- Expected Containment: 06/13/18
- 1 structure destroyed
- Power and telephone infrastructure has been compromised in the area of the fire
- Gusty winds are expected over the fire area today
- Federal ground resources committed

Activations

- Glenn County activated their EOC at Level 1 (low staffing) as of 0600 hours.
 - The EOC deactivated on 06/10/18 at 0900 hours

Evacuations

- Evacuation notice was sent to 58 homes.
 - Per the LDO, all evacuation orders were lifted the evening of 06/09/18

Evacuation Center

- Glenn County closed the shelter at this location:
 - Willows Memorial Hall, 525 W Sycamore St., Willows

Apple, Vegetation Fire, Tehama County

Location: Apple Rd. x Paskenta Rd., 9 miles west of Corning

Jurisdiction: State DPA, SRA, Tehama-Glenn Unit

Per Cal OES Duty Officers and CAL FIRE as 06/10/18 at 0736 hours:

- 2,500 acres grass, 80% contained
- Expected Containment: 06/12/18
- 3 structures and 2 outbuildings destroyed
- Forward spread has been stopped
- Gusty winds are expected over the fire area today
- Federal ground resources committed

Evacuations

- There are no evacuations.

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

FIRE ACTIVITY

SOUTHERN REGION

South, Vegetation Fire, Los Angeles County

Location: I-5 x Calgrove Blvd., City of Santa Clarita

Jurisdiction: Local DPA, LRA, Los Angeles County

Per the Cal OES Duty Officers and CAL FIRE as of 06/10/18 at 0542 hours:

- 175 acres, 50% containment
- Expected Containment: 06/12/18
- Structure threat mitigated
- Resources continue to mop up and strengthen control lines
- No requests for state assistance and no unmet needs at this time

FMAG

- On 06/09/18, a Fire Management Assistance Grant (FMAG) request was received. The request is no longer under consideration.

Evacuations

- Approximately 200 homes were evacuated.
 - As of 06/09/18 at 2020 hours, the LDO advised mandatory evacuations lifted for 200 residences.
 - Identification required for re-entry for residences located south of Calgrove Blvd., east of the I-5 Freeway, and west of Ebelden Ave., Newhall

Evacuation Center

- Human Evacuation Center: American Red Cross (ARC), College of the Canyon – West Gym, 26455 Rockwell Canyon Rd., Santa Clarita
 - Per the SDO, this shelter did not remain open overnight.

Critical Infrastructure

Per California Utilities Emergency Association as of 06/09/18 at 1816 hours:

- No power loss, grid is stable (only 66kv lines in the vicinity)
- Southern California Edison is at the fire location

California 911 System

CA 911 Outages		
Northern California	Central California	Southern California
No 911 Outages	No 911 Outages	No 911 Outages

911 Outages/Remote/Community Isolations:

911 Outage, Glenn County & Tehama County

On 06/09/18 at 2112 hours, the California State Warning Center (CSWC) was advised by CA 9-1-1 Branch that a 9-1-1 outage occurred in the Elk Creek, Stony Gorge, and Paskenta areas in Glenn and Tehama Counties.

- The outage was caused by the Chrome Fire
- Local Public Safety Answering Points (PSAPs) have not been affected and are able to receive 9-1-1 calls
- As of 06/10/18 at 0550 hours, AT&T advised there was fiber damage.
 - Splicers are onsite installing 2,000 ft of aerial burnt fibers.
 - 20 poles were destroyed as a result of the fire
- As of 06/10/18 at 0832 hours, Cal OES CA 9-1-1 Branch advised that the AT&T field team as obtained new fiber cable and is en route to the incident location.
 - Once the field team arrives, they will be on stand-by until they are given an all clear to enter.
 - There is no estimated time of repair.

Service Interruptions:

- None reported.

WEATHER OF CONCERN

Weather of Concern

- Red Flag Warning - The combination of strong gusty northwest to north winds with lower relative humidity will cause critical fire danger through Monday morning.

WEATHER SYNOPSIS BY REGION

NORTHERN CALIFORNIA

*** Breezy with low relative humidity (RH) today ***

The final and weaker portion of the low pressure trough that passed over the region Saturday will be overhead today. Skies will be partly cloudy to mostly sunny and precipitation is unlikely. A northerly downslope surface wind pattern will produce gusts to 20-25 mph in and near the Sacramento Valley until noon, followed by more widespread SW-NW winds with gusts to 20-30 mph in the same areas that had gusty winds Saturday. RH in the driest inland areas will drop to 12-18% this afternoon. Temperatures will still be a few degrees below normal.

A high pressure ridge will move in tonight and produce a drying and warming trend through Tuesday, with the warmest inland areas reaching 95-102 on Tuesday and Wednesday. Minimum inland RH will be 10-17% both days. NW-NE downslope winds will gust to 25 mph or so in the Sacramento Valley and surrounding foothills, mainly during nights and mornings. Another Pacific low pressure trough will approach the coast Wednesday and remain in place through Saturday. At this time the trough looks weaker than in previous model runs, which would allow temperatures in inland areas to remain above normal and possibly eliminate the potential of any convection.

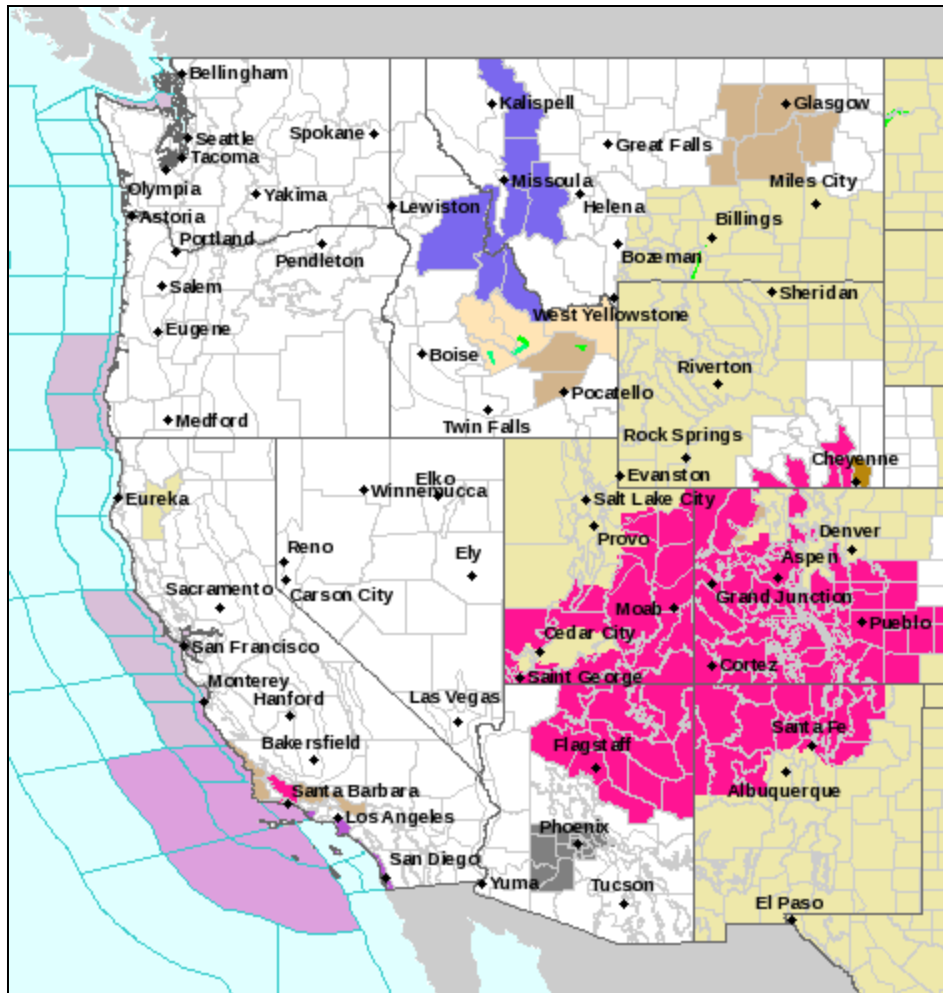

SOUTHERN CALIFORNIA

Strong northerly winds across Santa Barbara County and the Grapevine through tonight

The back side of a Pacific trough will bring northerly winds of 20 to 30 mph with gusts to 50 mph to much of Santa Barbara County and the Grapevine through tonight. Maximum temperatures will remain near normal today, with mid 60s to mid 70s across the mountains and upper 70s and 80s in the valleys. Minimum humidity will be mainly between 15% and 30% away from the coastal areas today. High pressure over Mexico will expand northward into the Desert Southwest bringing a warming and drying trend to the region Monday through Wednesday. Maximum temperatures will be 5 to 10 degrees above normal. Minimum humidity will be mainly in the teens away from the coastal areas, but there will be widespread single digit humidity across the deserts. Westerly afternoon and evening winds of 15 to 25 mph with gusts to 40 mph will surface across the desert passes through Tuesday. These winds will increase to 20 to 30 mph with gusts to 50 mph Wednesday through Saturday as a Pacific trough drops down the West Coast. This trough will also bring a cooling trend and a small increase in humidity to the area.

Cal OES LAW ENFORCEMENT MISSIONS

Ongoing Cal OES Law Missions

- **2018-LAW-47170, 06/07/18, 1325 hours:** The Mariposa County Sheriff's Office is requesting 6-8 HRD K9 Teams to assist in a search for a missing person who was swept away during a March, 2018 storm. They have conducted one search thus far with negative results. The search area is approximately 1 mile long in addition to a debris pile, approximately 5 acres in size. The search will occur on Saturday, 06/16/18 at 0600 hours and be completed by early afternoon. The Cal OES Law Enforcement Branch is coordinating the search dog teams response. **Mission Ongoing**
- **2018-LAW-47160, 06/09/18, 1725 hours:** Yolo County Sheriff's Department (YCSD) is requesting SAR resources to locate the remains of two homicide victims. YCSD requested (2) Human Remains Detection K9 Teams (HRD) for a search on Sunday, 06/10/18 at 0700 hours. The Cal OES Law Enforcement Branch is coordinating the search dog teams response. The teams will meet at the Sheriff's Office at 140, Tony Diaz Dr., Woodland. **Mission Ongoing**
- **2018-LAW-47144, 06/09/18, 1015 hours:** The Solano County Sheriff's Office (SCSO) and Marin County Sheriff's Office (MCSO) are conducting a joint SAR operation related to a 15 year old female who has been missing since 05/26/16. This is a Solano County missing persons case but the search area is in Marin County. MCSO is providing (4) Human Remains Detection (HRD) K9 Teams and SCSO is providing 26 Ground Searchers. This search took place in Marin County at Platform Bridge Rd. and Petaluma Point Reyes Rd. on Sunday, 06/10/18 at 0700 hrs. **Mission Ongoing**

Closed Cal OES Law Missions

- **2018-LAW-47152, 06/09/18, 1715 hours:** AFRCC advising of a PLB in San Mateo County. The coordinates for this activation is 37° 38.7 N, -122° 23.7 W. San Mateo County Sheriff's Office (SCSO) advised of the activation. **Update, 1908 hours:** AFRCC advised the device timed out and is not active. SCSO advised they have been searching the area and located no evidence of anyone in distress. **Update, 2101 hours:** AFRCC advised the beacon is sounding again. Joint decision made to monitor only at this point. 2247 hours, AFRCC advised the beacon is no longer sounding. **Mission Closed**

Cal OES MISSION TASKING

Cal OES Missions

- **2018-IREOC-45244:** Caltrans to remove dead and dying trees along highways in Kern, Tulare, Fresno, Madera, Mariposa, Tuolumne, Calaveras, Butte, Plumas, Sierra, Shasta, and Lassen counties. (On Scene – Long-term assignment)
- **2017-SOC-44098:** CalRecycle Debris Management Team in Ventura County (Coordinating)
- **2017-SOC-43821:** DTSC to remove household hazardous waste from over 500 residential lots in Ventura County (On Scene)
- **2017-Inland-42559:** Weather station installed to gather real time rainfall data by Air Resources Control Board (On Scene)

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
